

TLC Laser Eye Center **Pinehurst Building / West Des Moines**

Construction Services, Inc. completed the 2750 SF office build-out for TLC Laser Eye Center. The facility staff performs laser eye surgery each Friday in this facility while using the previous four days for appointments, follow-up, and patient qualification. The surgery center is highly controlled and must maintain strict temperature and humidity levels for successful surgery. CSI coordinated with the TLC staff and each equipment manufacturers to manage an aggressive timeline for completion.
